We will add **significant value** to your event - we are **more** than just a Live Scoring Company

- ScoreCapture will provide top of the range smartphones for all 4-balls, with App pre-loaded & with enough data - streamlining the registration process
- Our staff will be at registration / on the tee boxes, giving the players their devices along with a short demo on how it works
- Our App is **4-ball specific** (1 player can put in scores for his/her 4-ball only) - *certain other Apps allow OTHER 4-ball scores to be changed by any player that causes chaos at prize-giving*
- ScoreCapture uses the **latest & greatest technology**. Any mistakes made by the players can be changed immediately on the App - *certain other Apps use a "submit" system (if a player makes a mistake, it has to be changed by ADMIN right at the end of the day) that causes errors on the leaderboard throughout the entire day until it is amended*

- Our App has a lot **more functionality** than other Apps & offers the players **more flexibility**
 - We can **change handicaps** on the fly - *otherscoring Apps are not able to do this*
 - Players can set up their own **watchlists** - *to watch players scores in other 4-balls*
