R100 PER MEMBER PER YEAR

### UNLIMITED MULTI ROUND TOURNAMENTS

#### YOUR SOCIETY AMAZING FEATURES TO KEEP YOUR MEMBERS INVOLVED

##### ECLECTICS

Challenge your friends to see who can put together the best round over a period of time.

Our most popular feature is the electric leaderboard, where the ScoreCapture system looks at all the scores for a player on a hole and returns the best one. This is done for all 18 holes which produces the best round the player would have played.

##### ORDER OF MERITS

Another popular feature leaderboard collates all the rounds that fall within the filters selected and calculates the best average or sum of the totals using gross, net or stableford points.

You can choose how many tournaments are needed to qualify and limit the number of rounds that count. This leaderboard will reveal your most consistent golfer of the year.

##### RANKINGS

The ranking feature can allocate different points tables to players depending on where they finish in a series of leaderboards.

The rankings points tables can be apportioned for betterball and alliance leaderboards, as well as individual leaderboards. Your rankings leaderboard will reveal the golfer that performs the best on the big stage.

##### KNOCK- OUTS

Send out the invitations to your database for an individual or betterball knockout. Confirm the entries, choose your seeded players and generate the draw at a click of a button.

The draw is instantly available to your members on the web and the app, and all relevant contact details will be available to the players when they have logged in and hover over their game. Results can be entered online so the draw is always up to date.
